Georgia Tech invites YOU to the 2nd annual...

Students Exploring Engineering

Thursday, January 21, 2016
8:45 am - 3:45 pm

Students Exploring Engineering (SEE) is a one-day event that offers female high school freshmen and sophomores the opportunity to explore the possibilities of engineering. The day is filled with a multitude of activities: a brief introduction to the various engineering disciplines, faculty lab visits, interactive projects, and a campus tour.
